Assignment 1

National University of Modern Languages

Question # 01:

Take any web or mobile application of your choice. Consider two scenarios for storyboarding. Choose an appropriate tool for storyboarding. Your response assignment should consist of both scenarios and storyboards that you have created for those scenarios.

Scenario 1:

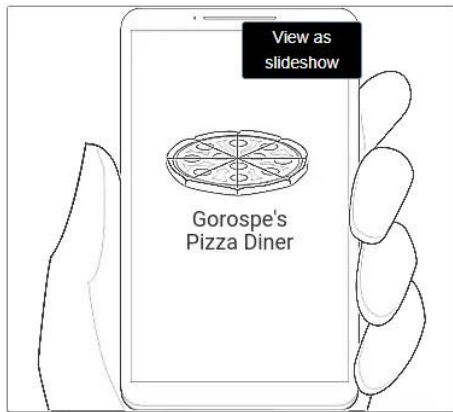

Sara invited her friends and colleagues for a small gathering at his home.

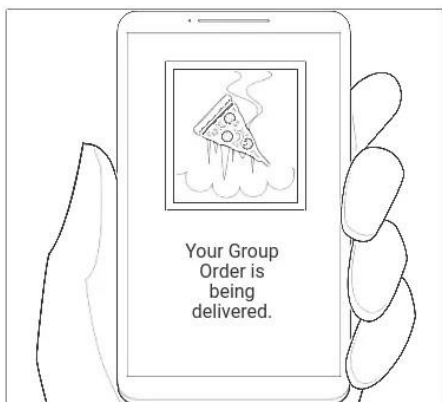

However, as dinner time approaches, Sara realizes that has no food for her guests because she is too busy.

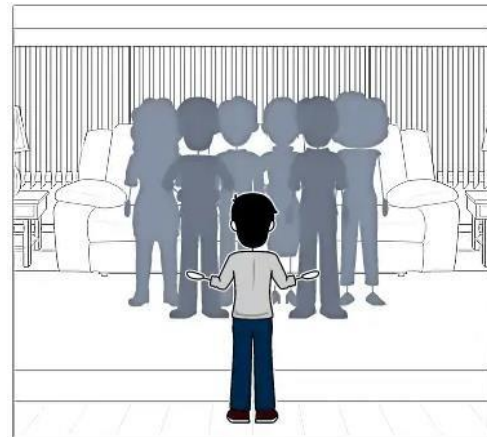

Assignment 1

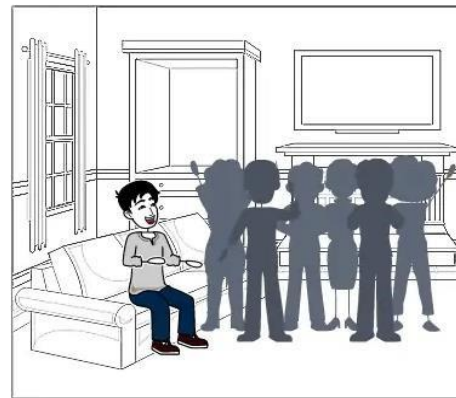

Fortunately, Sara remembers that a nearby pizza restaurant offers food delivery services in her area. She also discovered that it has a mobile app with group order feature.

Once friends are invited and group order is processed, Sara just waited for the food to be delivered to her address.

She explained the situation to her guests and instructed them to download app to ease food ordering process.

Sara's group food was efficiently delivered to her home. All of her guests are satisfied with food delivery service.

Scenario 2:

Assignment 1

Asad is a passionate gamer who loves playing all kinds of video games, especially spine-chilling horror games.

One day, Asad decided to take a walk and visit a local game store in search of his next thrilling game.

However, the local game store was crowded and had mediocre deals, leaving Asad feeling disappointed with his shopping experience.

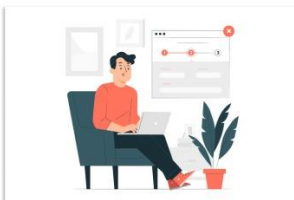

The disappointing shopping experience left Asad feeling confused about where to turn in his search for new games.

Asad discovered Razor Gaming, an online game store that looked promising, and was excited to explore its offerings.

Asad was pleasantly surprised to find a wide selection of games and incredible deals at the gaming store he had discovered.

Excited by the wide selection and incredible deals at Razor Gaming, Asad ordered a multitude of games to add to his collection.

Asad was happy to pay for the games he had ordered from Razor Gaming, knowing that he had found a reliable and affordable source for quality games.
